X Heifers have not been included in the sale as the DNA has not been returned in time.

Preg Testing was undertaken on 5th June 2026 by Wooroolin Vet Services – Dr Leigh Reichard BVSc

*** This year we shortened our breeding program up due to previously having done artificial repro work.**

Therefore there has been some cows that have missed the bull due to late calving or have been left open for IVF program.

Dr Reichard is a Preg Check Accredited Veterinarian No. 18475 Certificates will be able to be viewed on sale day

SEMEN TESTING DONE 15/7/26 BY BullCheck Accredited Veterinarian Dr Leigh Reichard – Wooroolin Veterinary Services

All Embryos & Semen located at Rocky Repro

***Approx 2 weeks prior to Quilpie & Sarge & Unify being removed from the cows, the fence busted and they ended up mixed hence why we have mentioned either bulls as potential sires.**
